

Blake Hancock

blakejth@gmail.com ♦ 31 Cruden Bay Ct, Saint Johns Fl 32259 ♦ (904) 328-8288

EDUCATION

Kentridge High school

Graduated 2011

BYU-Idaho

Associates Degree 2016

Bachelors of Science in Computer Information Technology 2020

EXPERIENCE

Bank of America ♦ Jacksonville Fl

Customer Support Rep

Mar 2021 – Current

Worked for Bank of America in the Health Benefits Solution as a customer support representative. Taking inbound calls and assisting customers with HBS accounts.

BCForward ♦ Jacksonville Fl

Customer Support Rep

Oct 2020 – Mar 2021

Worked on contract for Bank of America in the Health Benefits Solution as a customer support representative. Taking inbound calls and assisting customers with HBS accounts.

Via Transportation ♦ Lehi UT

Fraud Specialist

Nov 2019 – Apr 2020

Investigated user accounts for suspicious activity using account history and various software to uncover account trends. Create and organize information collected into a case to make a final decision and relay that information to the customer. Constantly reviewed SLA. Work with customers who felt they had been wrongly convicted of fraud to reinstate account access.

Via Transportation ♦ Lehi UT

Support Rep

Nov 2016 – Nov 2019

I run the support side for Via Transportation and I work with live text support and email support with both riders and driver partners to ensure that everything runs smoothly.

Jordan High School ♦ Sandy UT

Computer Lab Manager

Jan 2016 – June 2017

I am in charge of running 4 class periods where I assist students take their online class. I mark attendance and give a grade for the amount of work that is completed as well as the productivity of the students.

Accelas Solutions ♦ Rexburg ID

Front-end Development, Tech Support

Mar 2015 – Dec 2015

Worked with customers in customizing CRM and Oracle software.

BYU-I Testing Center ♦ Rexburg ID

IT-Support, Web Development

Mar 2014 – Mar 2015

I work as a IT for the school. I help create and maintain Testing Center website and provide testing center computers with technical support when needed. I am a CIT major and so I get to use what I learn in the class at work.
